We have been working with Metropolitan since they started operations in 2007. They are a great strategic partner for us; they are very engaged with their clients and suppliers. During the last year Metropolitan's growth with our hotels has been impressive, over 20% regarding 2014. We are very pleased to have Metropolitan as one of our partners in order to strengthen tourism in Perú.

Working with the Metropolitan Touring Peru team is always rewarding. They are very dedicated to their clients, by having their passengers' best interests in mind. They are open to working together and sharing promotional efforts for our brand and other luxury experiences in Perú. Alonso Roggero has merged the dynamics of family owned type of business with the solidarity of a South America regional brand. Metropolitan Touring Perú is a very valuable partner, who gathers all those good things that hoteliers appreciate: reliability, accountability and production! We have a great relation with this magnificent group of friends.
