

Introducing Metropolitan Touring Peru

We would like to introduce to you Metropolitan Touring Peru established in 2007, originally founded as Receptour in the 1960's. We are a very agile and extremely reliable DMC in Peru that provides outstanding custom-made travel experiences with over 50 years of experience.

By merging the local knowledge of our 100% Peruvian staff and the continuous innovation of the Metropolitan Touring network, we are able to constantly exceed our guests' expectations. We know that expertise can make a real difference in the travel industry. Thus, our multilingual team has travelled extensively through Peru destinations to provide clients and guests from all over the world with accurate advice about where and when to travel.

Our organization offers professionalism and reliability, providing outstanding service to clients and guests from all over the world. We work seamlessly with our sister Metropolitan Touring companies in the region to offer important advantages for multi-country trips, and we particularly excel with the Peru and Galapagos Islands combination.

Our sales team is recognized for providing accurate and creative ideas and solutions, while our operations and product teams are experts in tailor-made travel, always developing new products and providing original journey ideas.

As a member of the best regional DMC in South America, Metropolitan Touring Peru is able to offer a one-stop-shop for our clients' operational and administrative needs across the continent, making us the ideal partner for multi-country trips.

We partner with our travel trade clients offering great marketing support; supplying training and consumer presentations and webinars; providing high resolution image banks; putting together marketing initiatives; and organizing fam and press trips.

Please find below MT Peru's contact information.

We look forward to hearing from you and beginning our partnership very soon,

Kind Regards,

Metropolitan Touring Peru
